4.1.2 input power:650VA.

4.2 working environment requirement

a)temperature:10°C~40°C

b) relative humidity:≤80%

c) atmospheric pressure:760hPa~1060hPa

4.3 power requirements

a)supply voltage :~110V±10%;

b)supply frequency:60Hz±2%;

c)Power capacity:≥1kw;

4.4 Transportation and storage requirement

It could be stocked more than 15 weeks as follow conditions:

a)temperature:-30~55°C

b) relative humidity:≤95%

c) atmospheric pressure:500~1060hPa

d) stock in a ventilated place

Panama | Central America | Caribbean | CARICOM
