

TECHNICAL DATA SHEET

ENT Manual Examination Chair YSENT-OC801

Reference photograph. Confirm accessories and configuration in the quotation.

Description

YSENT-OC801 ENT exam chair is a specialized examination chair used by ENT doctors during examinations. The ENT chair allows the doctor to position the patient's head and neck in a way that is conducive to accurate diagnosis and treatment.

The ENT exam chair typically features a comfortable, padded seat for the patient, a headrest that can be adjusted to support the patient's head and neck, armrests that can be positioned to help the doctor access the patient's ears, nose, and throat and a footrest that helps to stabilize the patient during the examination.

You can find different types of ENT exam chairs on [medwish.com](https://www.medwish.com) at factory prices directly, register right now to get a full price list of ENT exam chairs from experienced manufacturers.
