

TECHNICAL DATA SHEET

Medical Lab Microbiology Mass Spectrometer YSTE-MS100

Reference photograph. Confirm accessories and configuration in the quotation.

Database	More than 2000 species and 6000 strains
Quality control	Automated quality control in multiple positions to reduce the impact of target plate nonuniformity
Data filtering	Robust algorithm for filtration of invalid data and spectrum
Vacuum protection	Automated
Cabin entry	Patented design to avoid plate jam
Pump	Installed inside the instrument to guarantee performance and decrease noise
Consumption and throughput	Low reagent consumption, minimum sample volume and high throughput
Sample preparation	Less preparation work to save time and labor cost
Target plates	Recycling target plates

Technical data verified in model documentation; confirm configuration when requesting a quote.

Panama | Central America | Caribbean | CARICOM

Information from the authorized catalog. Confirm configuration, accessories and documentation in the quotation.
